

Dear Families of Incoming Third Grade Students, 😊

WELCOME TO THIRD GRADE! You can expect Third Grade to be an exciting year of academic growth. You will strive to master multiplication and division tables, learn how to write in cursive, increase your vocabulary and understanding of etymology, while deepening your comprehension of more complex texts.

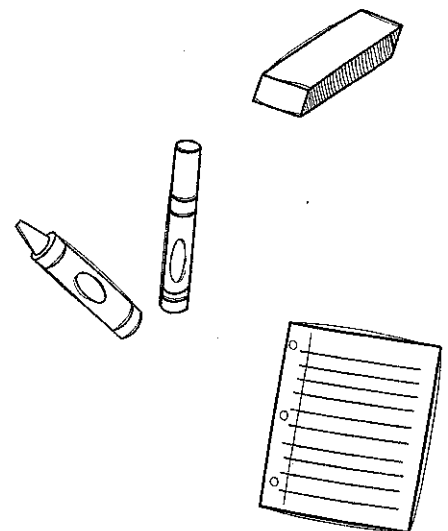

The following list of supplies will be of great use in helping you to accomplish these tasks and to keep your work organized.

We look forward to meeting each of you and partnering together for a productive and rewarding year of growth!

- your third grade teachers :)
